THE DEPARTED ASSEMBLE

Our ProGhost wrangled recently deceased SF writers from the afterlife: **J. Neil Schulman**, author of *Escape From Heaven*, and **Jerry Pournelle**, co-author with still-breathing Larry Niven of *Escape From Hell*, a sequel to *Inferno*.

They opened the gates for all manner of actors, artists and authors in fannish and professional fantasy, horror and science-fiction to haunt us.

After evading the body snatchers, **Brad Linaweaver** provided images and commentary for the 2018 Kino Lorber Blu-Ray release of **Robert A. Heinlein's** *The Puppet Masters*.

Kevin McCarthy informs Brad and crowd at book signing, "You fools! You're in danger. Can't you see? They're after you. They're after all of us. Our wives, our children, every one. They're here already! You're next!"
